

*Aine Chalmers, PE*

Aine Chalmers, PE, is a NYS-licensed Professional Engineer and experienced project manager at TRC's midtown Manhattan office with over a decade of experience in environmental consulting. She specializes in the investigation and mitigation of emerging contaminants, remedial design and implementation, and remediation systems monitoring and maintenance. Ms. Chalmers has contributed technical expertise and leadership to complex remedial programs at major airports across the northeast. She also manages multifaceted environmental programs for public agencies requiring significant community engagement and is dedicated to delivering cost-effective remedial programs that leverage innovative data evaluation techniques and forensic analysis to achieve optimal outcomes.
