

#### Speaker Bio for David Marcoux:

David Marcoux has two decades of experience leading multidisciplinary design teams with a portfolio including 15+ aviation and rail-based renovation and redevelopment projects. Working successfully through numerous high-stakes design environments, he has developed a keen ability to anticipate and organize rigorous owner objectives while navigating the logistics of complex stakeholder agency requirements. Recognizing the intricacies that come with coordinating high-profile design objectives where enabling and phasing are critical to a successful outcome, David's expertise has been a key factor in steering simultaneous projects across multiple timetables.
