

Daniel Ritter is a licensed Senior Engineer with AtkinsRéalis in Philadelphia, Pennsylvania, with over seven years of airport design experience serving clients at major airports including Philadelphia International, Nashville, and Long Island-MacArthur in addition to other general aviation airports throughout the Northeast. Daniel graduated from Lehigh University in 2018 with a Bachelor of Science in Civil Engineering and Bachelor of Science in Integrated Business and Engineering.

Daniel possesses extensive knowledge of drainage and stormwater design, environmental permitting, and leveraging sustainability for implementation on a wide range of airside and landside projects. As an Envision Sustainability Professional (ENV SP) and Envision Trainer, Daniel leverages sustainability frameworks to utilize sustainable design methods yielding social, environmental and economic benefits for the clients he serves. As a junior project manager, Daniel works passionately to lead his teams as they work to design solutions for the unique needs of his clients. Daniel's previous experience includes construction management and site inspections, working directly with private clients and municipalities in the Greater Philadelphia area.
